"A
Beckoning
flame"

LAUREL 1984

Mars Hill College
Mars Hill, North Carolina

Contents . . .

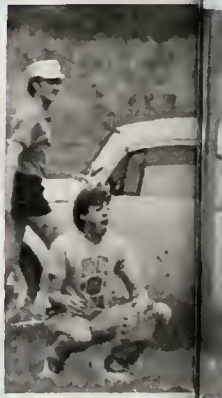

O house of Israel, cannot I do
with you as this potter? saith
the LORD. Behold as the clay
is in the potter's hand, so *are* ye
in mine hand, O house of Israel.

Jeremiah 18:6

“Wide has grown the circle of those that came;

... eager hands outreached to warm them at the flame."

Many hands have ministered to another glorious year of our college life — praying hands of home;

young and old hands of friends;

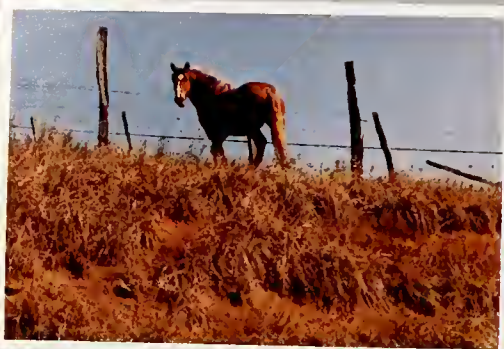

potter's hands of all who guide;

gnarled hands of those who labor;

beckoning hands of future days.

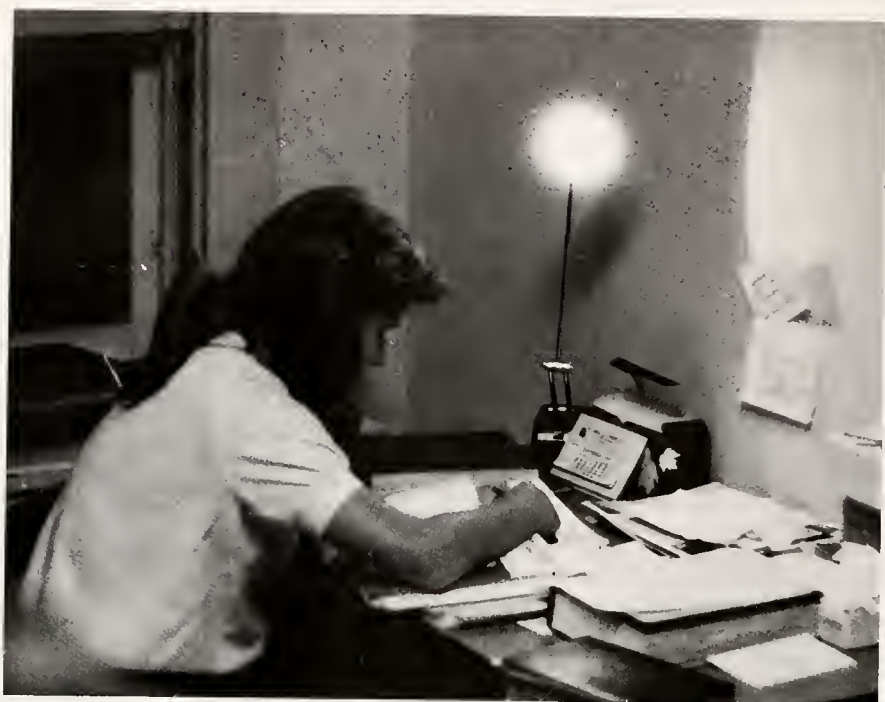

Many hands have fanned its flame,
and fed its blaze.

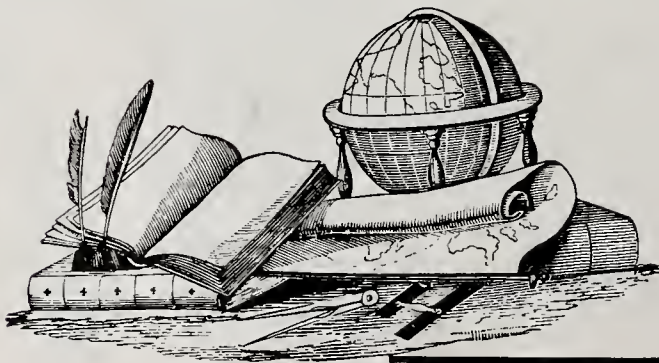

May the flame burn even brighter for
our having fed it this year of 1984.

Life Mars at Hill

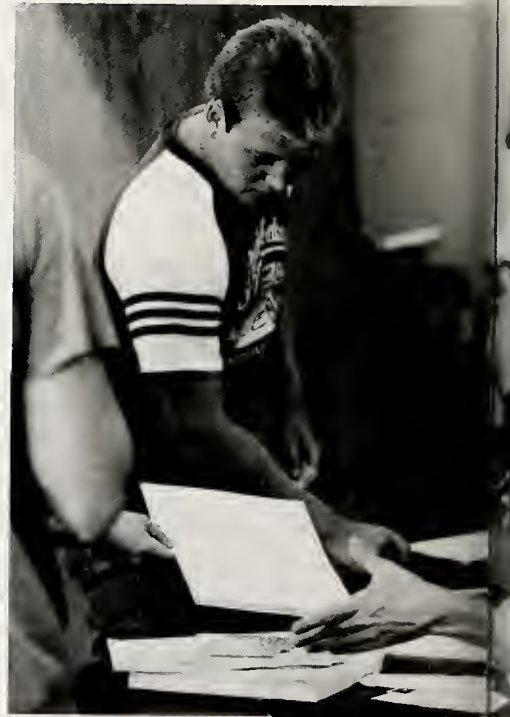

Home Away From Home

'We brought nothing into this world and it is certain we can carry nothing out' (I Timothy 6:7). But while we are here, we can make ourselves to be what we wish to be and carry our memories with us, until our short time on this earth is done.
—Owen Robertson

Registration . . . A New Year

Philip Thompson

I've grown since coming to Mars Hill—no doubt about it. I've changed a great deal, and the best part is I think the changes have been for the best. Mars Hill has played a big role in helping me grow.

I've never seen a campus with more genuine concern shown by more people than Mars Hill. We've got a great thing going here.

The people (professors, students, staff) are the strength of Mars Hill. I feel Mars Hill is unique among colleges.

Is there really such a thing as spare time for a religion major? I do study a good bit, but there always seems to be a little time for my own interests (reading, playing piano, and being with friends).

M.H.C. is really special! The students and instructors are always friendly and eager to help whenever they can.

I believe that the best thing about M.H.C. is the closeknit relationships that I've made. I will never forget all the long talks and good times that I've shared with some very special people here.

I believe that the atmosphere here at M.H.C. has helped me become a more open person. I feel really at ease with a group of people.

—Connie G. Holland

"I think the atmosphere at Mars Hill has shaped me into a better person; all the crazy and outgoing people (especially friends) make it easier for my own crazy and outgoing personality to come out. My softball coach told me to come to Mars Hill because all the guys have great legs from walking all those hills! (just kidding!) I was looking for a small Christian learning environment where everyone was concerned and cared about others and their growth."

—Cynthia Yvonne King

"Why did I come to Mars Hill? Where else can you get a picture put in the annual of yourself with a chicken bone over your lip? What has Mars Hill contributed to my life? I think it is quite obvious—social grace and etiquette of course.

Seriously, I'm thankful for my Mars Hill experience. The faculty here is the finest I have ever seen; and, unlike most colleges, they show a genuine concern for your welfare and education. I'm appreciative for the opportunity of coming to Mars Hill." Frank Porter

"Being at Mars Hill has given me a positive attitude toward life. It has gotten me back in Christian activities. The people at Mars Hill are basically nice, when it comes down to it they will help you out no matter what the situation.

When I'm not in class, I'm usually working in the Union, relaxing with friends at local eating places, but mostly doing homework."

—Cynthia Cole

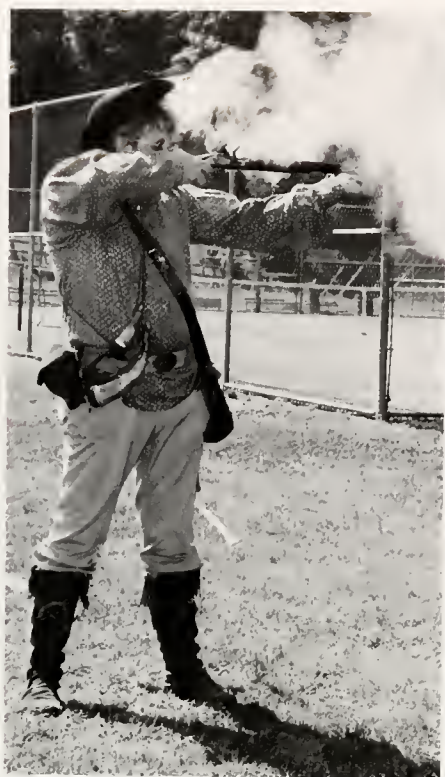

"Beats the heck out of me why I came to Mars Hill. God is financing my education and this is the place He chose. Mars Hill has helped me though; now I have bigger calves from climbing hernia hill and four flights of stairs.

On Saturday afternoons I practice being God's gift to America and save the world from itself."

—Beverly Bonta

Halloween . . . Awesome

Mars Hill's atmosphere is perhaps the most comfortable one anyone would want to live in.

The people here are so interesting and the smallness of the campus allows us to feel unified with everyone. My experiences at Mars Hill have shaped me into a better person by giving me the opportunity to learn inside and outside of the classroom setting.

I think the things I like most about Mars Hill are the concerned faculty members and the friends I've grown to love. Those friendships I have made will last a lifetime, and the things I have learned from each of them are priceless.

L. to R. Dr. Corbin Cooper, Dr. Fred Bentley, Miss Frances Snelson

On October 29, 1983 Mars Hill College honored Frances Snelson and Dr. Corbin Cooper as Alumna and Alumnus of the year. Miss Snelson, assistant to the president of Mars Hill, was a member of the class of 1937.

Dr. Cooper, a member of the class of 1952, served as pastor of Baptist churches in Whiteville and Morehead City. In 1966, he was appointed as the Director of the Department of Cooperative Ministries with the North Carolina Baptist State Convention.

M.H.C. Football

A win over Lenoir Rhyne at home and losses to Georgia Southern and Elon on the road closed out the 1983 season for the Lions and left them with a 4-6-1 record and a fifth place finish (3-3-1) in the 8-team South Atlantic Conference, in which they had been picked in pre-season to finish last.

The final tally was a far cry from the 1-10 record of 1982 and considerably better than most fans had expected from a team under a new coach and in the initial season of a drastic rebuilding program. It was a little disappointing, however, because of the fact that a break here or there and a little extra effort might have turned narrow losses to Gardner-Webb and Elon into victories which would have made the final record 6-4-1.

With only eight seniors using up their eligibility in the Elon game, the Lions could look forward to the return of a large corps of experienced personnel for the 1984 season. No doubt Coach Rick Gilstrap and his staff would concentrate their spring recruiting efforts on finding replacements for the departing seniors: Jackie Williamson, John Sprinkle, Larry Brow, Danny Gilbert, Allen Scott, John Whitley, Earnest Cook, and Larry Holding.

Thus, football was a series of surprises at Mars Hill College during 1983-84; it was the beginning of a promising new era. It was a *flame* that *beckoned* players, coaches and fans to renewed commitment to the high cost of success. We shall not soon forget it.

Mars Hill soccer team wrapped up its first season with losses to Limestone (8-0), and Catawba (13-0).

Although this was a dismal season, the Lions realize it was the first. As Coach Coates put it, "it was a learning experience."

The Lions planned to do some off season training in the spring and join a private indoor league in the winter.

The Lady Lions Volleyball team defeated Furman, but lost to Baptist College of Charleston on their way to a tournament in Florida over Fall break.

The Lady Lions did not play up to their potential but seemed to do just enough to get by Furman. This style of play caught up with them when they lost to Charleston in three games.

Once in Florida, the Lady Lions put it all together to win their first match; but once again were unable to rally as they lost their next three. The fifth match saw the Lady Lions come together one last time to win and take a respectable fourth place in the tournament.

The team returned to N.C. and played Wofford on Thursday, October 20. The match went well as the girls won in two straight games. They defeated their next opponent of the night as the girls from Queens College could muster only one point in two games.

Friday, October 21, the Lady Lions traveled to Tusculum, where they destroyed both Tennessee Temple in two games per match. This outing was reported to be the best the Lady Lions played together all year.

Maryville College was the Lady Lions' next victim as they traveled to Chambers Gym only to be turned away in three straight games.

All in all, the Lady Lions had a good season. The final 28-18 record was second best to the 41-11 of last year. The 9-3 district record was one of the best, but it did not qualify the team for the playoffs due to a weighed point system.

CLOSING

The 1984 Laurel is complete and another year at Mars Hill College is soon to be over.

Much work has gone into the production of this year's annual. I would like to thank the following people for their invaluable assistance: Elaine Randolph, Ellen Sechrest, Brian Ritch, William Beasley, David Barnes, "Miss Laurel"—Whitney Walsh, Katheryne Yarborough, Photographers—Cynthia King, Wilson Smith, David Wachter, Scott Sibley—Cover and Division Pages.

This was our first year with Herff-Jones; and I would like to thank our representative, Sandra Smith, for her enthusiasm and support.

Also, I would like to thank John Campbell and Walter Smith for their help in making this a successful annual.

I hope this book will be one of memories and, above all, a reminder of what Mars Hill College is all about. Like the artist who molds clay into unique pieces of art, Mars Hill molds its students into well rounded individuals with a positive attitude toward life.

The education we receive at Mars Hill not only gives us basic knowledge; it takes us far beyond the classroom and prepares us for the ups and downs of life.

With these thoughts, may we all remember the *flame* of Mars Hill College and ignite its sparks wherever we may travel.
